Irwin performing the ceremony in the presence of a few intimate friends of the contracting parties. Mr. Owen is one of our substantial business men and the bride is quite a favorite among her acquaintances. They will make their home in this city. The Times-Herald wishes them happiness and prosperity.

MALHEUR PASS ITEMS.

Our school in Dist. No. 26 is progressing fine under the management of Miss Augusta Haars-trich. Average attendance about 12 scholars, only four families sending to the school. It is too bad, about 40 houses in the District and only four or five families, the rest old bachelors. How long will it take to settle up the county? A bachelor is alright if he would improve his ranch but it seems he sits down to wait 'till some one else will make the country.

A. B. Bennett has been sowing grain and has just dug a well. Get fine water at 22 feet. He is now getting ready to build a new house.

Elder Quier is at work on Eld. Fritch's house. When he gets done then he will build Chas. Bradley's house.

There are a good many clearing sage brush to sow grain in the spring.

We are glad that the people can see the need of a bounty on coyotes. This question should be kept hot 'till the legislature meets. There seems to be two to where there was one a year ago and if let alone what will they be in a few years, they would be so bold that our children would not be safe. Give us a bounty on the pests.
